VIDEO: AIRBALTIC PILOTS ABOUT BOMBARDIER CS300

News / Airlines

Latvian airline *airBaltic* is the first operator of Bombardier CS300 aircraft. Multiple teams and professionals at *airBaltic* are currently undergoing specialised training to prepare for the CS300's entry into service. This is a 100% new aircraft in the way that you fly it, maintain it and enjoy it as a passenger, and *airBaltic* team members have shared their views of the new aircraft in this video.

airBaltic will be the first airline to operate the CS300 aircraft when it takes delivery later this year. The CS300 aircraft will join *airBaltic's* modern fleet of12 Bombardier Q400 aircraft. The airline has 20 firm CS300 on order.

airBaltic serves over 60 destinations from its home base in Riga, Latvia. From every one of these locations, *airBaltic* offers convenient connections via Riga to its network spanning Europe, Scandinavia, CIS and the Middle East. In addition, *airBaltic* also offers new direct flights from Tallinn and Vilnius.
