

AZUL TAKES FINAL E195-E1 IN SPECIAL LIVERY

News / Airlines

Brazil's Azul has taken delivery of its final current generation Embraer E-Jet, with a E195 painted in a special livery commemorating its partnership with live TV provider SKY.

The aircraft, registration PR-AUQ, entered revenue service today.

Azul is the world's largest operator of the E190 and E195 family, with 88 aircraft in service.

The airline's next E-Jet deliveries will be in 2020, when it will begin accepting the first of 30 E195-E2s.
