AVINODE MARKETPLACE TO LIST ETIHAD AIRWAYS' THE RESIDENCE

News / Business aviation

Avinode has welcomed its first **private aviation space** on a commercial airline, **Etihad Airways' The Residence** to the **Avinode Marketplace.**

The Residence, available on the A380 fleet, will be sold through Chapman Freeborn and listed on the Avinode Marketplace for an initial six-month period.

The listing will show scheduled flights where The Residence is available, as a potential empty leg, and match these to relevant flight searches.

“When Chapman Freeborn approached Avinode with the idea to list Etihad’s The Residence, we were excited to explore whether our members could leverage that business, and hopefully reap the benefits at either end of the customer’s experience,” said Oliver King, managing director, Avinode.
