CAPITAL AVIANEFT INTRODUCES A REFUND PROGRAMM DURING FORMULA-1 RACES IN SOCHI

News / Business aviation

Shortly before Formula-1 new race season Capital AviaNeft company and Aviapages.com website, which provides B2B solutions for business aviation, announce a new loyalty ”Refund Program”. This promotional campaign will operate on the principles of a rebate program, which allows to return a percentage of spendings on fuel and handling services back to the business jets operators, who will fly to the Internetional airport of Sochi.

The Refund Program can be used by premium subscribers of Aviapages.com website and will commence on April 27th and last till May 01st at the period when Formula 1 Russian Grand Prix will be held. Refund Program will allow Capital AviaNeft’s customers to reimburse up to 2,5% from each spending on handling and refueling servises * after 2 months via Aviapages.com website.

Capital AviaNeft has been providing a full range of handling and refueling services at Sochi International Airport, starting August 2016. Being an independent ground handling provider, Capital AviaNeft operates at all airports of Krasnodar Region: Krasnodar, Anapa, Gelendzhik, and Sochi. Moreover, Capital AviaNeft has direct agreements with over 60 airports across Russia and CIS countries. The company also has an exclusive partnership with an oil giant Shell and a unique
