ORIENS AVIATION APPOINTED AS PILATUS DISTRIBUTOR AND SERVICE CENTRE

News / Business aviation

Oriens Aviation has been appointed as a **Pilatus** distributor and authorised **service centre** in the UK. The company has ordered three PC-12s for delivery next year.

Edwin Brenninkmeyer, Oriens Aviation CEO, says that he has already seen a great deal of interest in the PC-12.

Although the order book for the PC-24 jet is currently closed, Oriens say they would like to become the UK distributor for the aircraft once Pilatus start taking orders again.

> “For the time being, we are focussed on PC-12 sales however, we are getting numerous enquiries for the PC-24 and we hope to be able to help these clients very soon.”
