EMERGENCIES MINISTRY'S AN-148 JET CARRIES OUT AEROMEDICAL EVACUATION OF SERIOUSLY ILL CHILDREN

News / Airlines

An Emergencies Ministry's An-148 jet departed from Ramenskoye located near Moscow for Novy Urengoy, where it has taken two seriously ill children aboard, the youngest of the evacuees is only a week old.

All of them are in urgent need of highly skilled and high-tech medical care.

Upon arrival in St. Petersburg, patients will be transported to a hospital of the northern capital, where they will receive all the necessary assistance.

The Emergencies Ministry' An-148 carrying out aeromedical flights is fitted with modern equipment and special medical modules necessary to monitor and maintain the condition of critically ill patients and to provide them with the necessary assistance during the flight.

Throughout the operation the hospitalized patients are accompanied by medical specialists of the State Central Airmobile Rescue Squad "Tsentrospas" of the Emergencies Ministry, the National
