BOMBARDIER CHALLENGER 350 JOINS TAG AVIATION CHARTER FLEET

News / Business aviation

Bombardier Business Aircraft announced today the addition of a new Challenger 350 aircraft to TAG Aviation Europe's growing charter fleet. With its outstanding performance and continental range, the Challenger 350 is ideally suited for executive charters and premium business travel in the European market. Based in Geneva, the Challenger 350 is the first to be delivered in Switzerland and began commercial charter flight operations in early May.

"The Challenger 350 is an exciting addition to our continuously expanding charter fleet. We work hard to ensure that our offer always matches our customers' needs," said Florent Sériès, Vice President Sales and Marketing, TAG Aviation Europe. "The Challenger 350 business jet's powerful performance and impressively wide cabin design, combined with class-leading comfort, make it the perfect aircraft for typical European charters. I am certain it will provide our customers with an experience that far exceeds their expectations."

"We are delighted to see our Challenger 350 aircraft join TAG Aviation's growing fleet and to bring
