

EXECUJET MIDDLE EAST IS 'OVERALL & INTERNATIONAL' WINNER AT ANNUAL BOMBARDIER ASF EXCELLENCE AWARDS

News / Business aviation, Maintenance / Trainings, Manufacturer

ExecuJet Middle East is celebrating being announced as the Overall & International Winner at the 8th Annual Bombardier Authorized Service Facility (ASF) Awards, marking ExecuJet's eighth consecutive win since 2011.

Presented at NBAA last week, the accolade recognises the long-term commitment of ExecuJet, part of the Luxaviation Group, in serving Bombardier Business Aircraft customers with its superior quality, performance and efficiency.

Graeme Duckworth, Executive Vice President MRO Services, Luxaviation Group, was present to accept the award. He says: “Winning this award becomes more special every year as it is a true reflection of the hard work, commitment and dedication of our teams. This is the sixth Bombardier International and the third Overall ASF Excellence Award win for ExecuJet in the Middle East and we are very proud to be recognised by the Bombardier team.”

Nick Weber, Maintenance Director, ExecuJet Middle East, also present says: “The Middle East is a key region for us, with roughly 20% of the Luxaviation Group’s overall business stemming from it. It is therefore essential that our facilities reflect this demand and it brings me great pleasure to accept this award on behalf of the team in the Middle East.”
