TAG AVIATION EXTENDS INTERNATIONAL NETWORK TO ASIA PACIFIC REGION BY OPENING FIXED BASE OPERATION IN MACAU

News / Business aviation

TAG Aviation today officially launched its first Fixed Base Operation (FBO) in Asia Pacific. Located in Macau, the new facility marks a major milestone for the company's ambitions in expanding its business to meet the continuing growth in the Asia Pacific region. The facility represents the fourth FBO for TAG Aviation globally.

The new facility in Macau joins its international network of FBO’s based at Farnborough, Geneva and Sion, providing the very best integrated FBO services. TAG Farnborough Airport in the UK and TAG Geneva FBO, are repeatedly voted some of Europe's best private jet facilities, recognizing the superior quality customer services and amenities that are available for business jet users.
