

MACE 2022 - POST EVENT INTERVIEW WITH FOUNDING PARTNERS - STANLEY BUGEJA, JONATHAN DALLI AND JOSHUA ZAMMIT

News / Business aviation, Events / Festivals

MACE 2022 was already the 4th edition of the Malta Aviation Conference & Expo. Gaining altitude was far from being a simple theme of the event, it was a given considering the number of delegates, the quality of the presentations and panel discussions as well as the networking events.

Due to the founders' busy schedules, 50skyshades was unable to interview them before the conference. So, two minutes after the group photo, Stanley Bugeja, Jonathan Dalli and Joshua Zammit finally sat down together for a quick post-MACE2022 interview.

We left things as they were on purpose - first reaction, fresh emotions, the conference room begins uninstallation... You can hear everything as if you were right there.

So click on the photo and enjoy the interview!

Important! Save the date for MACE 2023 - 11&12.10.2023

09 OCTOBER 2022
